NO COSTLY CUSTOMISATIONS TO COMPLY WITH SA LAW

Designed for Microsoft Dynamics Business Central, South African Invoice Application (App) by Braintree allows you to reflect all customers' company and VAT registration numbers, as well as the respective order number, on all sales

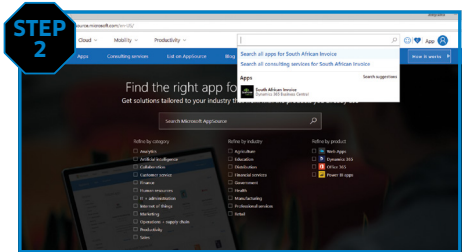

invoices issued. In-turn this will reduce stress and cash flow problems resulting from the Commissioner or SARS deeming your sales invoices invalid, or the need for costly customisations to comply with South African law.

HOW TO GET YOUR HANDS ON OUR APP:

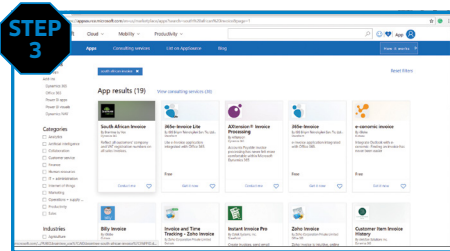

STEP 1

Step 1:
Visit appsource.microsoft.com

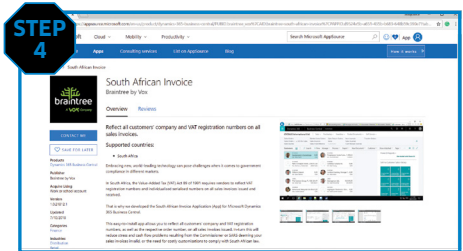

STEP 2

Step 2:
Type 'South African Invoice'
in the search bar.

STEP 3

Step 3:
Select our app.

STEP 4

Step 4:
Click 'Contact Me'.

STEP 5

That's all! Once we receive your request, we'll be in contact with you and get you up and running in no time
