1 Frequently asked questions (FAQ)

What is Mobilise ODS: Mobile Operations, Distributions and Sales	Mobilise ODS is software built to help automate activities in remote sales locations, so vans, trucks or other delivery vehicles can visit customers and deliver goods as they would in urban locations
Which functionalities are included with the product?	Built in functionality for Operations, Distribution, Sales (including POS), Inventory and Accounting. It is powered by Microsoft Dynamics 365 Business Central and LS Retail.
Can delivery vans record sales orders and accept cash or EFT payments, while out on delivery?	Yes, they can record Cash or Account sales on a fully functionally mobile point of sale (POS) device. Multiple tender types available, and cash reconciliation.
Does the POS support a loyalty programme?	Member management is support by the full integrated loyalty platform. Flexible rewards engine to drive any strategy
Can I process transactions with no internet access?	The mobile solution is fully offline capable.
What type of mobile device do I need?	A Windows 10 or Android Device.
What's the difference between the Windows and Android devices?	Windows devices include cashdrawer integration and self-service kiosk POS capabilities.
What Dynamics 365 Business Central?	Business Central is a business management solution highly adaptable and rich with features for small and mid-sized organizations that automates and streamlines business processes and helps you manage your business.
How do I get Business Central?	For more information about onboarding to Business Central, see Getting Started with Dynamics 365 Business Central
